

JIC Utility App User Guide

Ver 1.0.0

Main Screen

Displays the number of days remaining.

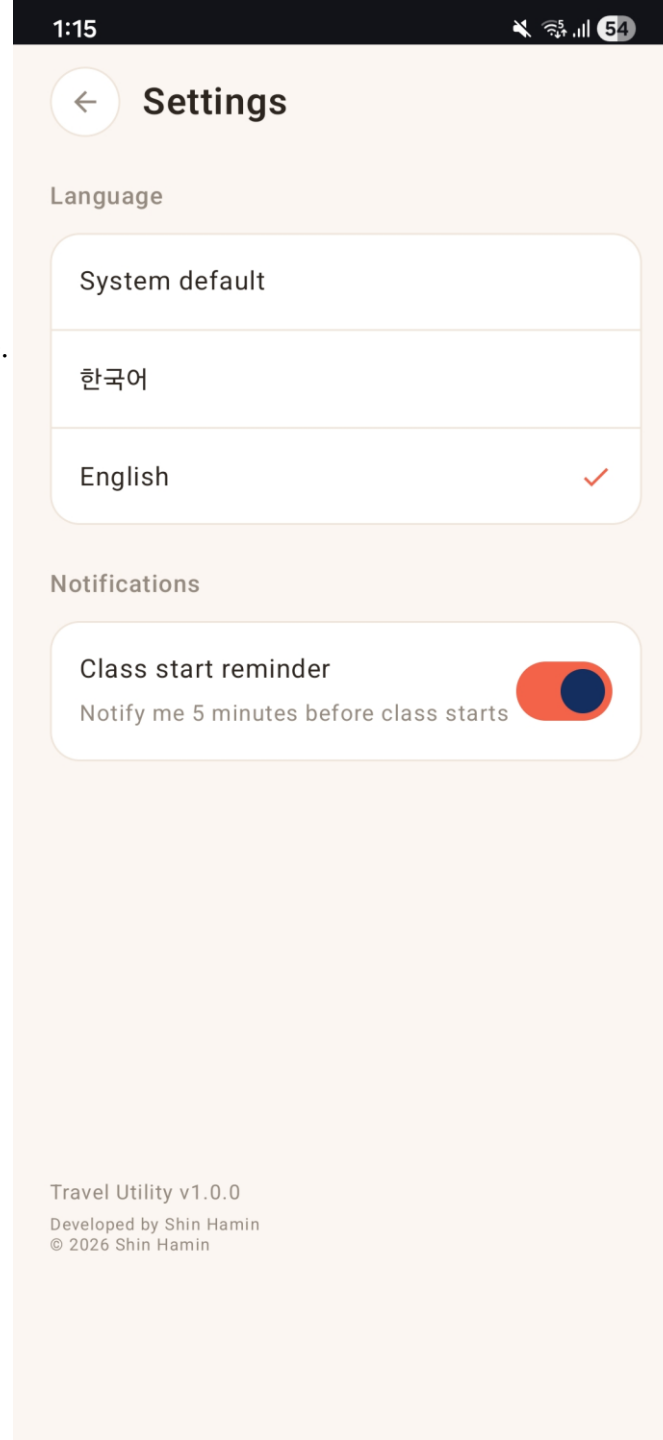

Language and notification settings.

Click this button to adjust the start and end dates of the schedule.

Displays information about the next class and the remaining time until it begins. Sends a class reminder when there are 5 minutes or less remaining before the class starts.

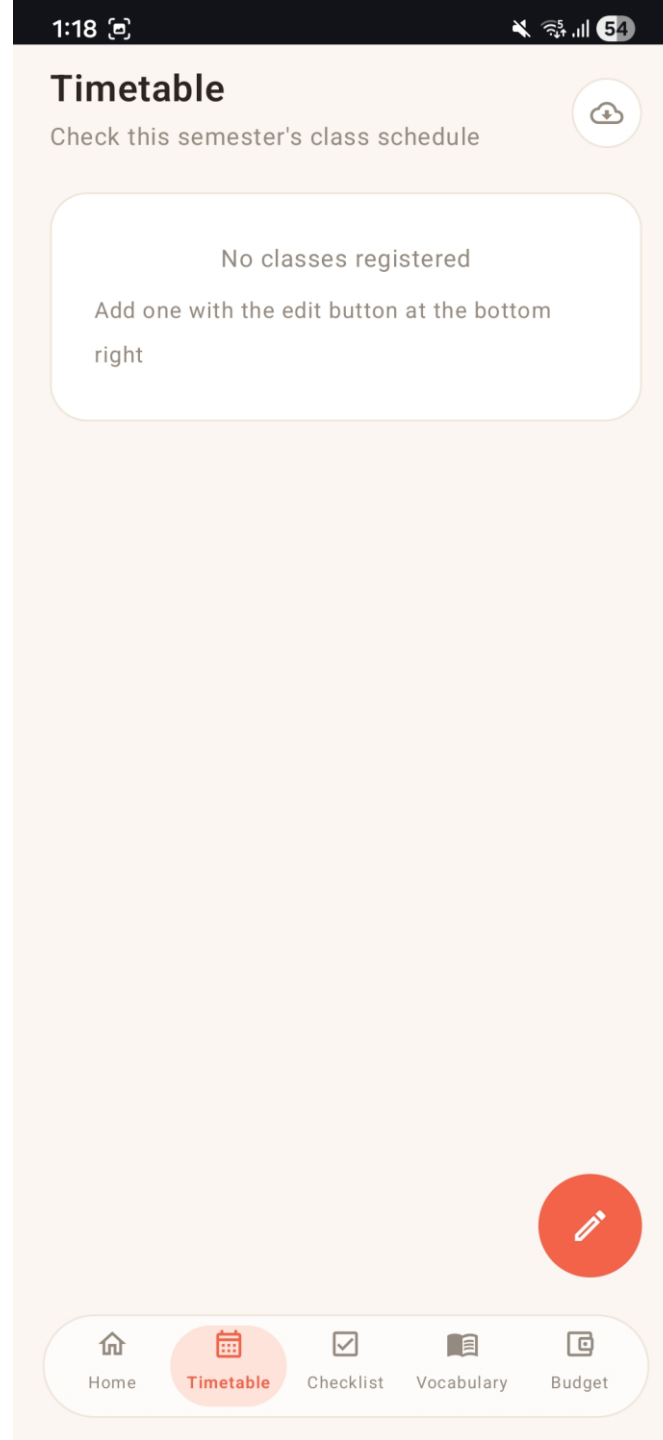

Settings Screen

Set your preferred language.

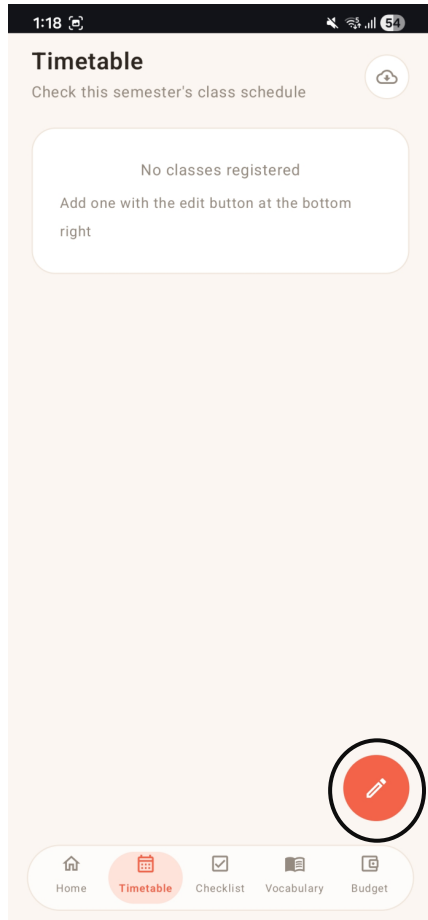

If you do not wish to receive notifications, you can turn off notification settings.

Timetable

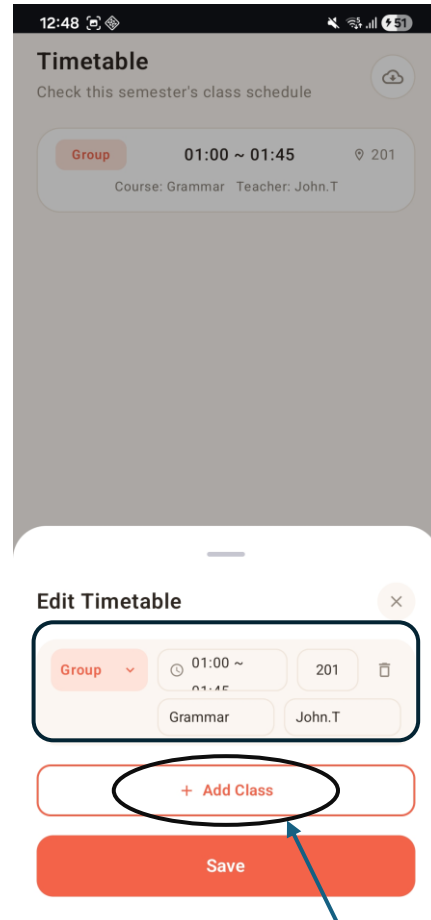

Tap this button to add a timetable.

How to Set Up a Timetable (1) – Add Manually

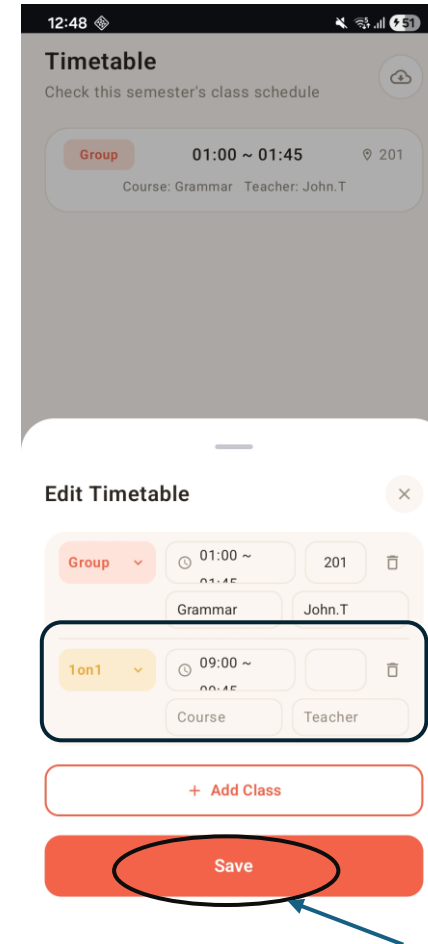

1. Tap the pencil icon.

2. Select **Add Class**.

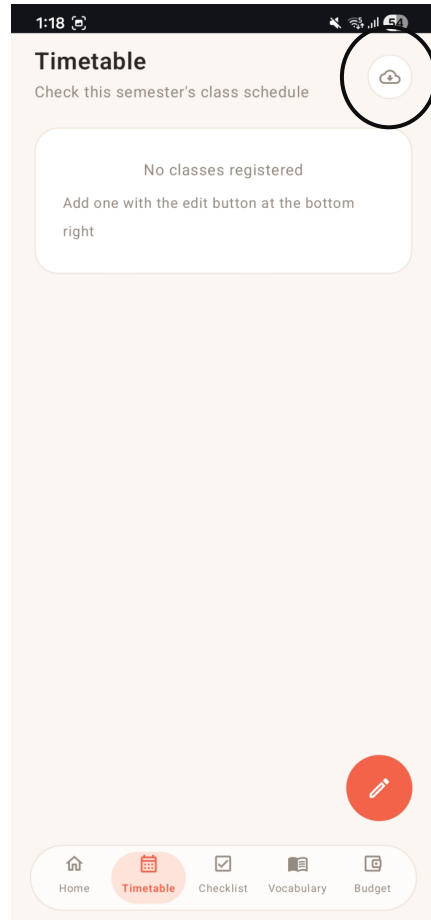

2*. If there are already saved schedules, you can tap them here to edit or delete them.

4. Tap **Save** to apply the schedule.

3. Enter the appropriate **Type**, **Time**, **Location**, **Course**, and **Teacher** information.

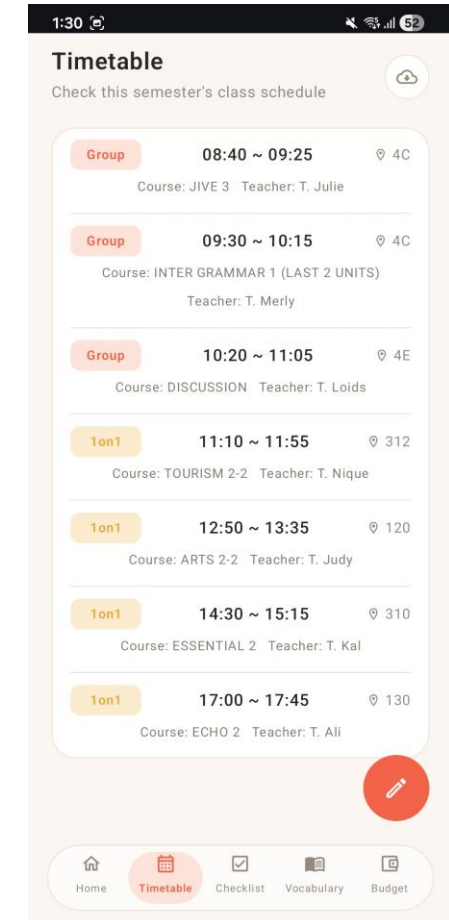

How to Set Up a Timetable (2) – Import Automatically

1. Tap the cloud icon.

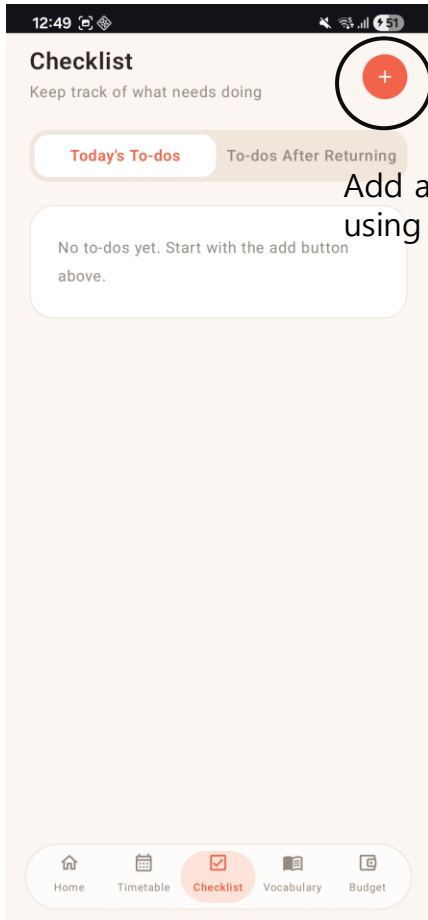

2. A JIC website page will open. Log in, and once your timetable is displayed, tap the **Import** button.

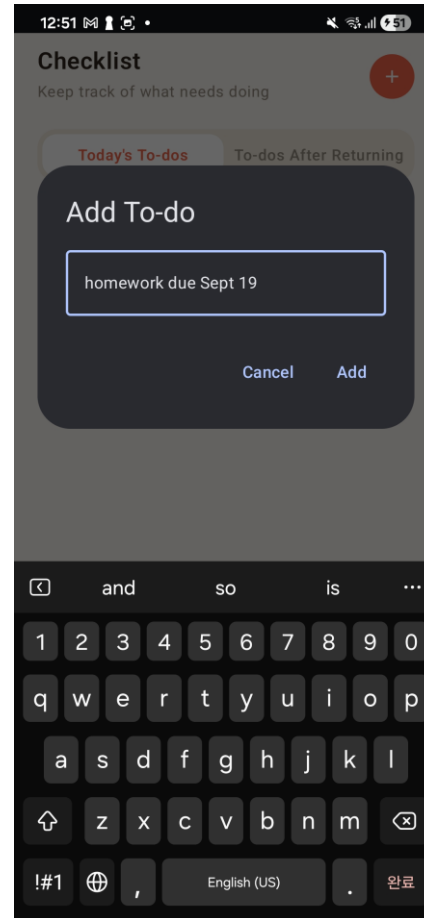

3. Your timetable will be imported automatically.

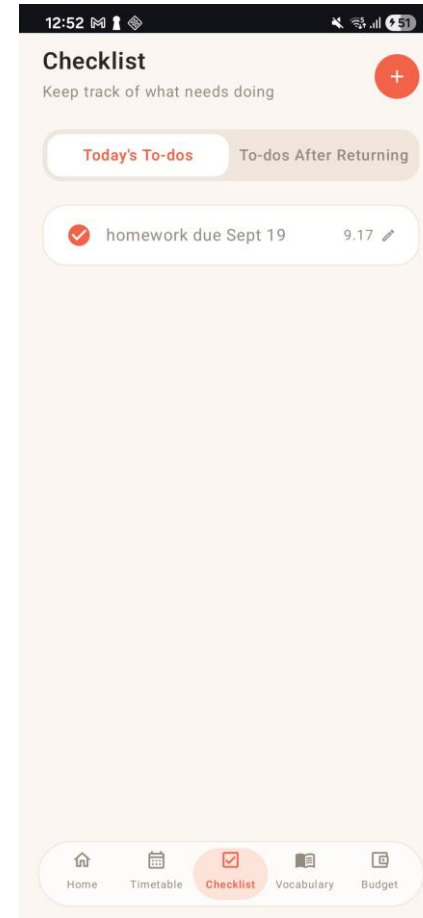

Checklist

Add a new task using the + button.

Enter any notes or details you want to remember.

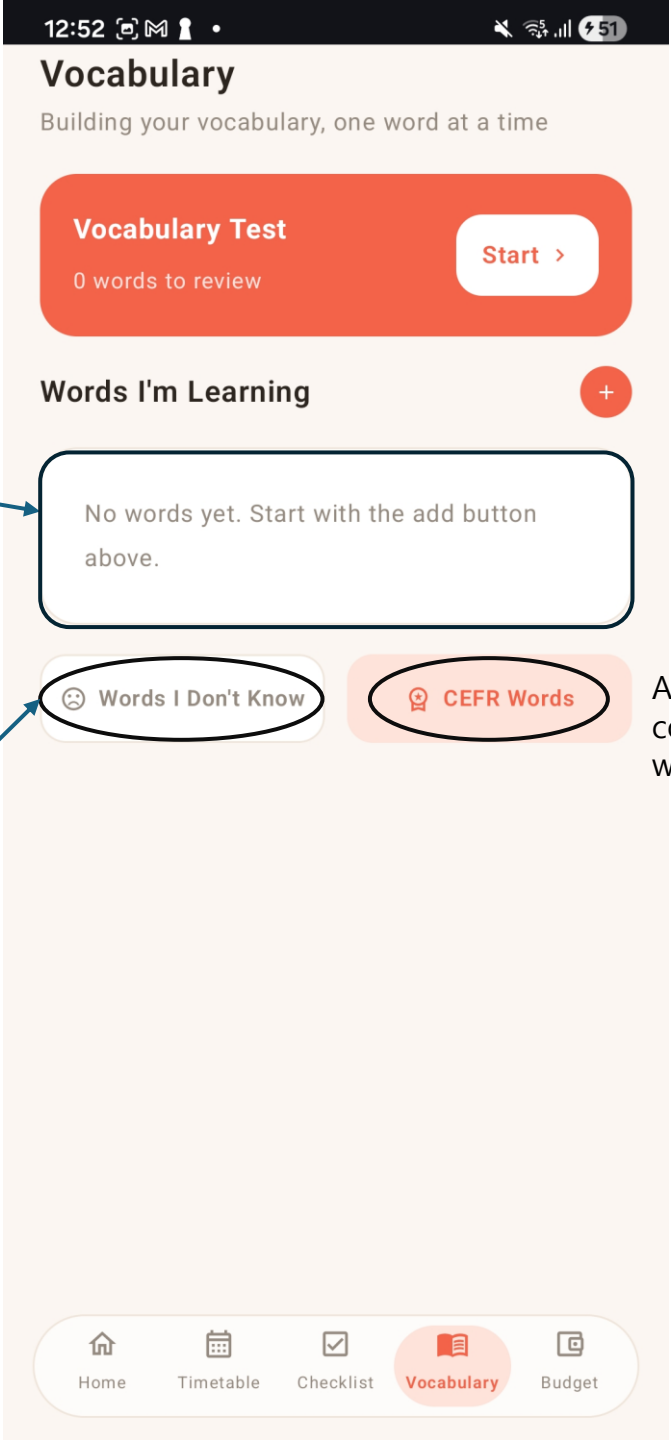

Tap an item to mark it as completed. Use the pencil icon to edit an item.

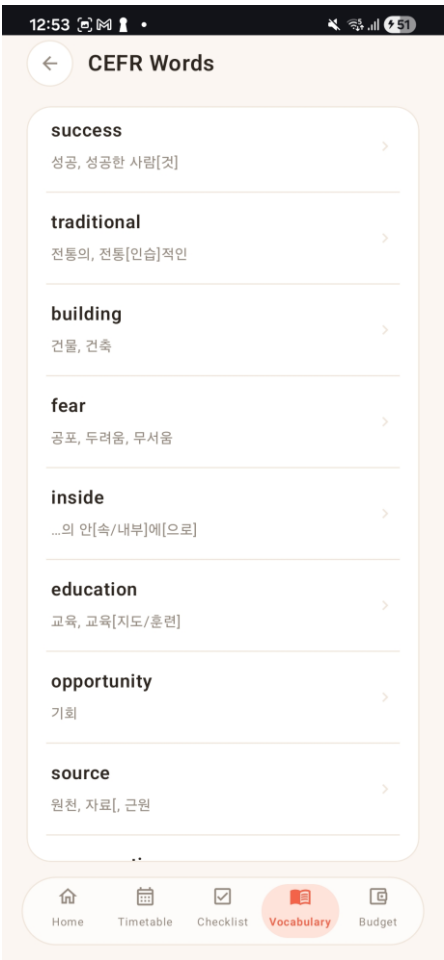

Vocabulary

This is where you can add and save words you want to study.

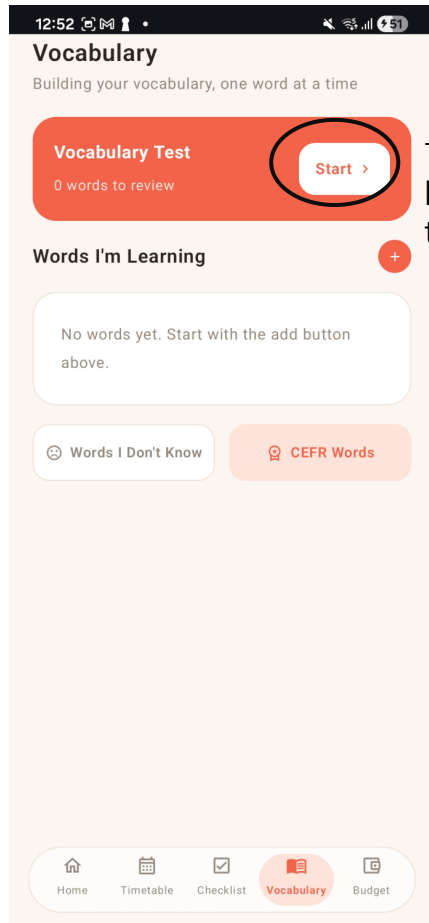

You can review all the words you marked as **Don't Know** during Word Tests.

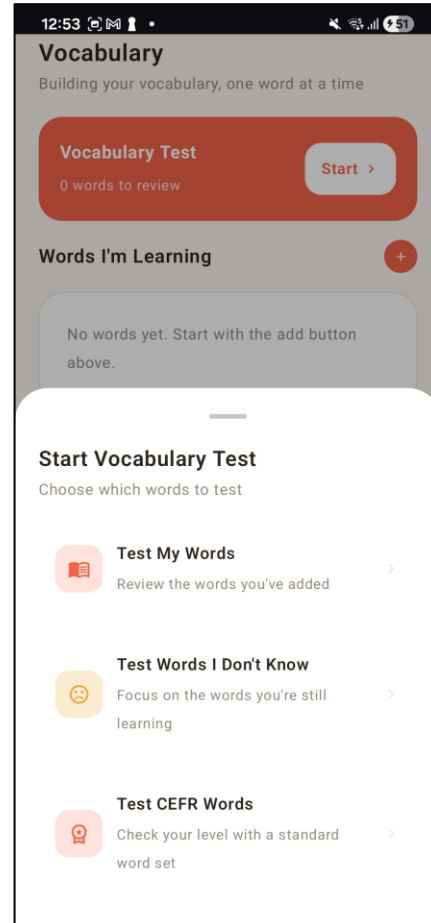

A collection of 5,000 conversational vocabulary words is provided.

Vocabulary Test

Tap the **Start** button to begin the test.

Select the vocabulary list you want to be tested on.

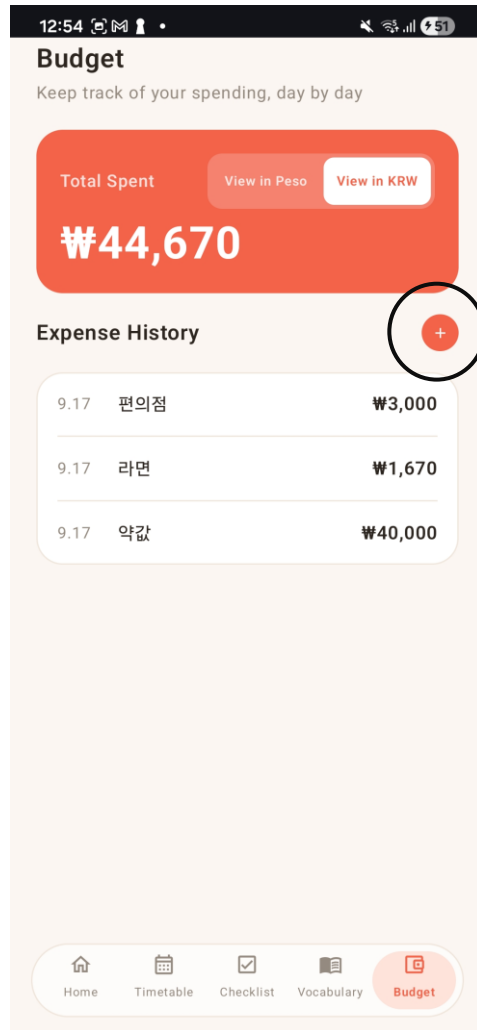

Review each displayed word and choose whether you know it or not.

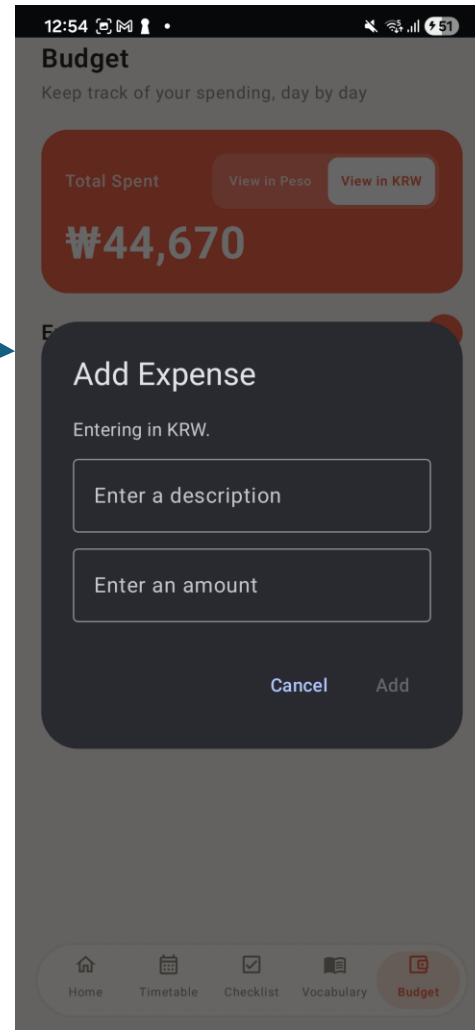

Words marked as **Don't Know** will be added to the '**I Don't Know Words**' list for later review.

*When taking a test from the '**I Don't Know Words**' list, selecting **Know It** will remove the word from that list.

Budget

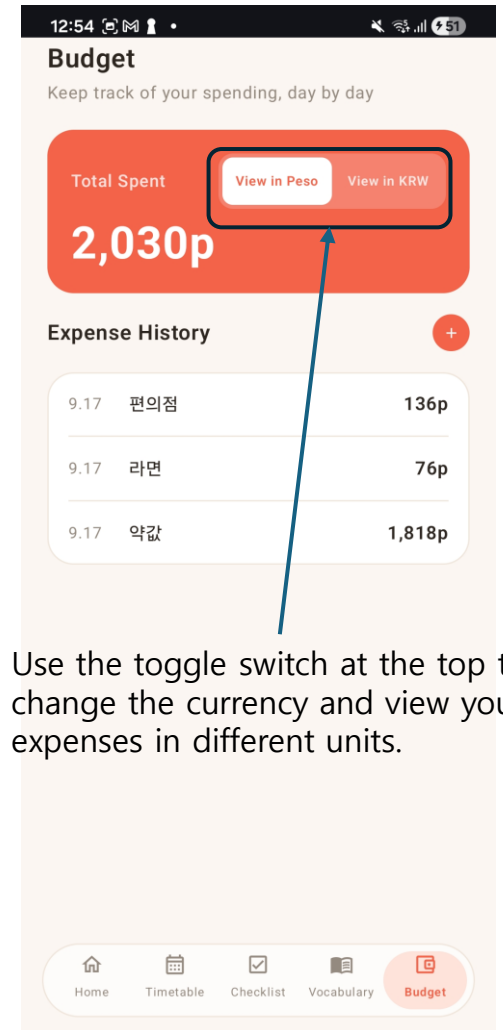

Manage and track your expenses.

Any expense you enter will be automatically reflected in the total amount spent.

*Be sure to check the currency unit before entering an amount!

Use the toggle switch at the top to change the currency and view your expenses in different units.
